### Why ask why?

Do you need a silencer if you are going to shoot a mime?

If the 7-11 is open 24 hours a day, 365 days a year, why are there locks on the doors?

If a cow laughed, would milk come out her nose?

If nothing ever sticks to teflon, how do they make teflon stick to the pan?

If you're in a vehicle going the speed of light, what happens when you turn on the headlights?

Why do you need a driver's license to buy liquor when you can't drink and drive?

Have you ever imagined a world with no hypothetical situations?

How does the guy who drives the snowplow get to work in the mornings?

5555 Hollister Ave, Goleta
