### Legal Laughs

The following questions from lawyers were taken from official court records nationwide..

Now, doctor, isn't it true that when a person dies in his sleep, in most cases he just passes quietly away and doesn't know anything about it until the next morning?

Q: What happened then?

A: He told me, he says, "I have to kill you because you can identify me."

Q: Did he kill you?

Was it you or your brother that was killed in the war?

The youngest son, the 20-year-old, how old is he?

Were you alone or by yourself?

How long have you been a French Canadian?
